**Geri Manchester : Indian Summer of Terror** before purchasing it in order to gage whether or not it would be worth my time, and all praised Indian Summer of Terror:

1 of 1 people found the following review helpful. Geri is an experienced author who plans her stories and ...By Susanne Morlang Geri is an experienced author who plans her stories and gives thought to developing each character. That said, I prefer longer stories- as long as three or more books about the same people. This is a short story about a woman who is part Native American. She needed to learn about her own heritage. It should appeal to many people who are interested in The native American people, especially the Sioux. 2 of 2 people found the following review helpful. Amazing By Kindle Customer This book is absolutely amazing and I would recommend it to anyone who enjoys romance novels or is embarrassed or wants to hide their ancestry.

A short story of danger romance. Jan Winters has a dark secret that has kept her from saying 'I do' to her lover, Rusty Hammond. But when her girlfriend, Ginger Lowell appears as a dazzling white other-worldly light, give her a ire warning and disappears Jan's world begins to fall apart. It isn't until she tracks down the story connected to her Sioux Indian ancestor that Jan can at last accept the love she desires.
